

## Pre-Evening Event, 27/11/2024

 19:00 - 22:00 **Welcome reception drinks & snacks**, Bar Ameron (on generous invitation by BioGenius)

## Program, Thursday, 28/11/2024

09:00 - 09:10	<b>Welcome and Opening</b> Dr. Florian H. H. Brill & Alexander Brux
09:10 - 11:00	<b>BPR Data Packages: Risk assessment, residual test and other data packages. An Update of requirements and challenges today</b> <b>Chair: Dr. Michael Werner, Bielefeld</b> <ul style="list-style-type: none"> <li>- Current challenges and New Pitfalls in Human Health Risk Assessment for Biocides, Dr. Volker Mostert, Langenfeld</li> <li>- BPR: expectations meet reality. A consultant view, Dr. Maren Lillich, Bad Kreuznach</li> <li>- Efficacy testing of biocidal products on surfaces against insects - methodology and its challenges, Martin Tomakidi and Dr. Fabian Müller, Bergisch Gladbach</li> <li>- Keeping track of the BPR maze: How to master data generation and how it all relates to product assessment, Kai Dettmer, Hamburg</li> </ul>
BREAK	
11:30 - 12:30	<b>Panel discussion: 25 years Biocidal Regulation – Lessons learned and Outlook</b> <b>Moderator: Dr. Michael Werner</b> Panelists: <ul style="list-style-type: none"> <li>- Christoph Zutz, Kwizda Agro, Vienna</li> <li>- Dr. Volker Mostert, EXTERA, Langenfeld</li> <li>- Heike Schimmelpfennig, Dr. Brill Regulatory Services, Hamburg</li> <li>- Mike Bublitz, BioGenius, Bergisch Gladbach</li> </ul>
LUNCH	
13:30 - 14:15	<b>Keynote Lecture Professor Dr. Ojan Assadian, Vienna</b> <b>Relevance of Applied Hospital Hygiene from Hospital Management view</b>
BREAK	
14:45 - 16:15	<b>Session: Hot topic Infection Prevention &amp; Control</b> <b>Chairs: Professor Dr. Eike Steinmann, Bochum and Professor Dr. Jörg Steinmann, Nuremberg</b> <ul style="list-style-type: none"> <li>- Disinfection profiles of (re-)emerging viruses, Dr. Toni Luise Meister, Hamburg</li> <li>- COVID-19 – From rapid prevention to understanding disease mechanisms, Prof. Dr. Stephanie Pfänder, Hamburg</li> <li>- Alongshan virus: An Emerging Segmented Flavivirus with Human Tropism, Dr. André Gömer, Bochum</li> <li>- Hidden transmissions - results from longitudinal epidemiology of environmental and clinical isolates, Professor Dr. Johannes Knobloch, Hamburg</li> </ul>
BREAK	
16:45 - 17:30	<b>Keynote Lecture Professor Dr. Rasmus Leistner, Berlin</b> <b>Environmental cleaning with probiotic-based agents - opportunities and risks in the prevention of nosocomial infections</b>
EVENING PROGRAM	
18:30 - 19:00	Boarding at "Überseebrücke" on MS Concordia
19:00 - 22:00	Boat cruise including dinner through river Elbe and Hamburg Harbor
22:30 - 23:00	Unboarding from MS Concordia

## Program, Friday, 29/11/2024

09:00 - 11:00	<b>Keynote Lecture Dr. Florian H. H. Brill, Hamburg</b> Overview of development of efficacy testing of disinfectants, antiseptics, wound dressings, and antimicrobial surfaces 2030	
BREAK		
11:30 - 13:00	<b>Session Resistance Development</b> <b>Chair: Professor Dr. Jörg Steinmann, Nuremberg</b> <ul style="list-style-type: none"> <li>- Development and testing of Resistance Development, Professor Dr. Laurent Poirel, Fribourg (CH)</li> <li>- Efficacy of laundry disinfection procedures against <i>Candida auris</i> – More resistant than other <i>Candida</i>?, Dr. Britta Brands, Kleve</li> <li>- Efficacy of surface disinfectants against different <i>Candida auris</i> clades, Henrik Gabriel, Hamburg</li> </ul>	<b>Session Biofilm Activity testing &amp; Medical Devices</b> <b>Chair: Dr. Matthias Buhmann, Hamburg</b> <ul style="list-style-type: none"> <li>- Relevance of and testing against Biofilms in flexible Endoscopes, Dr. Lionel Pineau, Marseille</li> <li>- Drain Hygiene – Using a small-scale biofilm model to test the activity of a drain disinfection procedure in a practice-relevant assay, Nicole van Leuven, Kleve</li> <li>- Biofilms and Regulations – What is going on and what is coming?, Paulina Rakowska</li> </ul>
LUNCH		
14:00 - 15:30	<b>Practice-like activity tests for biocidal Products and their regulatory Impact</b> <b>Chairs: Dr. Kerstin Walendy-Gnirss, Dr. Gunnar Kleist, Hamburg</b> <ul style="list-style-type: none"> <li>- Role and responsibilities of Regulatory Affairs in the disinfectant marketing process, Dr. Gunnar Kleist, Hamburg</li> <li>- Surface and air stability of norovirus in bathrooms: practice-based testing of domestic hygiene product efficacy, Justyna Konkol, Bremen</li> <li>- Evaluation of Residual Activity in Common Skin Antiseptic Actives Using the IMS Vitro-Skin Model, Dr. Marven Lee, Kuala Lumpur</li> </ul>	

as at 10/10/2024
